COMMUNITY connections

How does COMMUNITY connections help adults, children and families?

Individuals will get help with access to medical care, transportation, food, utilities, education, classes and more! Participants may also get home visits to assist with:

- Finding you a doctor or dentist
- Finding transportation resources
- Enrolling you in and navigating health insurance
- Getting food or a place to live
- Assisting with MiBridges navigation
- Changes that you decide to make to be healthy, such as quitting or cutting down on smoking, alcohol, or drugs
- Connecting you with community services, like GED education classes, employment opportunities, food pantries that give out food for free, the WIC food program, or heat and electricity resources

What our clients are saying...

"I felt like I finally had an advocate, some support. I talked to a lot of people before and I felt like I had no support."

"She was like a great guidance counselor. She helped me with, probably, some questions she's never heard before. It was like I was talking to a friend."

"She always followed-up, we were talking once or twice a week. She would set up times to call. I think that was hugely beneficial."

"I was able to contact her by phone, text and e-mail. Really easy to get a hold of her in multiple ways, and that was really nice."

"One thing that was special is that she would come to my house and explain things to me and keep me informed on the progress of what we were doing."
