December 14th, 2020

- **The GTB Health Department is announcing two (2) new positive cases for December 14th.** The local health department for Grand Traverse County was notified as the county of residence. The local health department is in the process of completing a case investigation. If you've been identified as a close contact (**someone who was within 6 feet of an infected person for a cumulative of 15 minutes or more over a 24 hour period starting from 2 days before illness onset or 2 days prior to test specimen collection until the patient is isolated**) during the course of the case investigation, please expect to receive a call or text from the local health department or the Michigan Department of Health and Human Services. **It is critically important you respond to the call or text in order to protect the community from further spread.**
