

Memo

To: GTB Licensed Commercial Fishing Captain's
From: GTB Natural Resources Department
cc: Natural Resources Department Manager, Desmond L. Berry
Date: April 19, 2016
Re: Arthur Duhamel Memorial Marina Dumpster Lock

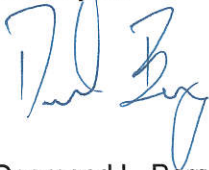

I would like to notify you of new regulations regarding the Marina trash dumpster:

Personal/household waste is prohibited and will be strictly enforced. The only items permitted to be discarded are those that originate as a result of your commercial fishing operation/business.

A lock is now located on the dumpster, Licensed Commercial Fishing Captains can obtain their key free of charge at the new Natural Resources Building located at 3505 Putnam Rd. It is expected of you to lock the dumpster after each use. There will be a \$5.00 replacement fee if your key is lost.

Please contact Sandra Anderson, GTB Maintenance Administrative Assistant if you have concerns regarding the lock. This was at the direction of the GTB Maintenance Department. She can be reached by calling 231-534-7000 and asking the operator to be connected.

Thank you,

Desmond L. Berry,

Natural Resources Department Manager
