The Tribal Survey was sent out to 3,113 Tribal Members over the age of 18 years old. We collected 847 completed surveys (Online: 75, Mail: 438, and One-on-One 334) with a return rate of 27.2% which is OUTSTANDING!

CHI MIIGWETCH to all the tribal members that participated in the survey. The survey results will assist the GTB leadership in identifying priorities for developing direct services for the membership as they relate to housing, health, elders, child care, gender identity and the Revenue Allocation Ordinance.
