Experience the beauty and tradition of sweetgrass harvesting with us. Our adventure begins early, aiming to reach the sweetgrass patch before the high sun. Here's our plan for the day:

**Leaving Peshawbestown at 6 a.m. ▪ Leaving 3 mile at 7 a.m.**

**Morning Harvest:** We'll gather sweetgrass together.

*For those who prefer, there is shaded seating available to watch the harvesters at work.*

**Lunch Break:** After the harvest, we'll head to a picnic area for a delicious lunch.

**Return Home:** Following lunch, we'll drive back home, reminiscing about our wonderful day.

***Please note:*** The walk to the patch is short and dry, though the patch itself may be a bit watery.

Snacks, lunch, and drinks will be provided for all participating elders. We hope you join us for this!
